---	---	COALINDIA	INDUSTOWER
---	---	CUB	---
---	---	FEDERALBNK	---

Technical Outlook – Nifty 50, Nifty Bank and BSE Sensex

Nifty 50	Technical Outlook for 26-02-2026: Nifty closed at 25,482.50 on 25-02-2026. Nifty remains in a sideways to mildly bearish phase, trading below the 20/50/100 EMA cluster near 25,600-25,650, which is acting as immediate resistance. Momentum indicators (RSI below 50, MACD in negative territory) suggest weak undertone, though selling pressure is not aggressive.
Nifty Bank	Technical Outlook for 26-02-2026: Nifty Bank closed at 61,043.35 on 25-02-2026. Nifty Bank shows a mild bullish trend with moderate momentum. The price remains above key moving averages (14-day and 50-day EMAs), indicating mild positive sentiment. MACD suggest mild buying pressure, while the RSI is neutral, leaving room for further movement. Support is at 59,900, and resistance is around 61,500. A breakout above resistance could push the index higher, while a fall below support may signal a pullback.
BSE Sensex	Technical Outlook for 26-02-2026: Sensex closed at 82,276.07 on 25-02-2026. Sensex remains under short-term pressure, trading below key short-term moving averages, indicating a weak bias. Momentum indicators like RSI (below 50) and MACD (in negative zone) suggest subdued sentiment. Immediate support is seen near 82,000, while resistance lies around 83,500. The index may remain sideways to bearish unless it sustains above the resistance zone.

IMPORTANT DISCLOSURES, DISCLAIMERS AND ANALYST CERTIFICATION

STANDARD WARNING: INVESTMENT IN SECURITIES MARKET ARE SUBJECT TO MARKET RISKS. READ ALL THE RELATED DOCUMENTS CAREFULLY BEFORE INVESTING. CAUTION: Please note trading in stocks carries VERY HIGH RISK (Investor understands that their principal will be at very high risk) and it may not suit all individuals. Please consult a SEBI Registered Investment Adviser before trading in stocks. Complete understanding of Technical Analysis is a pre-requisite for using the information given in this report/document.

Definition of terms used

Track around: Keep tracking this stock when it reaches this price level and look for volume increase and price break out for making a trading decision purely depending upon the risk tolerance (after carefully considering his/her risk tolerance on his/her own) of the trader.

Technical support (Tech Sup): If the stock price falls as per technical analysis, it is likely to take support at this price point. If it fails to take the support depending upon the risk tolerance of the individual concerned, he/she must exit from the position.

Technical Resistance (Tech Res): If the stock price goes up as per technical analysis this is the maximum price point that is possible. Appropriate exit from position depending upon the risk tolerance of the individual concerned must be planned before this point.

Analyst Certification

Disclosure: The preparer of this report S Karthikeyan (hereinafter referred as 'Research Analyst') is an individual research analyst registered with SEBI under SEBI (Research Analysts) Regulations, 2014 with SEBI Registration No. INH 200001384 and BSE Enlistment No.5093. Research Analyst do not hold any share(s) in the company/ies discussed in this report.

Research Analyst Certification: Research Analyst certifies that all of the views expressed in this report reflect his personal views about the subject company or companies and its or their securities, and no part of his compensation was, is or will be, directly or indirectly related to specific recommendations or views expressed in this report. IMPORTANT DISCLOSURES, DISCLAIMERS AND ANALYST CERTIFICATION - Continued

This document is prepared for assistance only and is not intended to be and must not alone be taken as the basis for an investment/trading decision. These are based on various technical parameters (Technical Analysis) and any fundamental inputs (Fundamental Analysis) has not been considered. Recipients of this report should also be aware that past performance is not necessarily a guide to future performance and value of investments can go down as well. The user assumes the entire risk of any use made of this information. Each recipient of this document should make such investigations (including that of reading circulars of the respective stock exchanges for understanding the settlement types, segment/category changes implemented/imposed in the securities discussed in this report, delisting proposals of securities, etc.,) as it deems necessary to arrive at an independent evaluation of an investment/trading in the securities of companies referred to in this document (including the merits and risks involved) and should consult his/her/its own advisers to determine the merits & risks of such an investment/trading and also to ascertain and adhere strict stop loss levels. The securities of companies discussed, or views expressed may not be suitable for all investors. We do not undertake to advise you as to any change of our views. Daily Gong Financial Services Limited or its affiliates or its directors or employees / representatives / clients or their relatives may have position(s), make market, act as principal, or engage in transactions of purchase or sell of securities, from time to time or may be materially interested in any of the securities or related securities referred to in this report and they may have used the information set forth herein before publication. Daily Gong Financial Services Limited may from time to time solicit from, or perform investment banking, or other services for, any company mentioned herein. Without limiting any of the foregoing, in no event shall Daily Gong Financial Services Limited, any of its affiliates or any third party involved in, or related to, computing, or compiling the information have any liability for any damages of any kind.
