Ref: 07-08/ISS/4352/JS
March 18, 2008

To,
All Registered Intermediaries
Administrators/ Executive Director of Participating Exchanges, Co-ordination Officers at
Participating Exchanges/Regional Administrative Offices

Dear Sir / Madam,

<u>Sub</u> **<u>Procedures for migration to ODIN Version 9.10</u>**

This is in continuation to the earlier circular Ref: 07-08/ISS/4331/JS dated March 17, 2008, members are once again requested to download the new version software from the FTP under the ODIN --> ODIN 9 setup which would be made available on March 19, 2008 after 4.30pm. The said software should be installed by March 19, 2008 evening itself. However, before installing, you are required to take back up of the existing ODIN folder. Meanwhile, users of mini admin are required to download mini admin 9.

Please Note: members should create new workspace, portfolio and market watch as the old portfolio and market watch will not work. Members who are using bulk file feature for uploading of orders shall need to create a fresh file as the old file will not work. Members who are not upgrading to the new software, ODIN version 9.10, will be unable to connect on 24/03/2008 onwards.

Hence, the registered intermediaries are requested to participate in the mock session conducted from **10.00am to 4.00pm on March 20, 2008 and March 21, 2008** so that the migration will happen smoothly.

This new version is applicable only for members connecting to Mumbai and not applicable for members connected to Coimbatore and Kolkata.

For any detailed clarifications, you may contact your relationship managers or Technology team of ISS on 67941145 / 67941164 / 67941119 / 67941124 or e-mail at softwareiss@iseindia.com.

Yours faithfully,
For **ISE SECURITIES & SERVICES LTD.**
