Investor Risk Reduction Access (IRRA)

IRRA is a cloud based platform connecting to all stock exchanges which will be brought up on a daily basis in a dormant state. IRRA platform will be available in case of disruption of trading services provided by the Trading Member (TM). Its purpose is to provide investors with an opportunity to square off/close their open positions and cancel pending orders using the IRRA platform in case of technical glitches or unforeseen outages that render the Trading Member's site inaccessible.

Who can access the IRRA?

- Retail customers
- Not available for Algo trading and Institutional clients

Which activity customer can perform using the IRRA?

- ONLY square off/close open positions or cancel open orders
- VIEW Net position screen
- CANNOT place fresh orders or create fresh positions
- Securities in Trade to Trade (T2T) will not be available for square off
